Subject: UBER

Uber is a great company to support in South Carolina! It employs thousands of drivers and provides a great service to South Carolinians. Why you have declared them illegal is beyond comprehension and common sense.

It is very disappointing that your organization would try to stifle capitalism and freedom. Please reverse your decision.

Listen, you need to allow UBER to function here in SC, it makes sense and it works, it is ridesharing and it is the wave of the future, there is no reason not to allow this as many other like jurisdictions have, get with the program, get with the 21st century, really so old fashioned and crusty, you must adapt to the will of the people, it is all that matters in the end

thank you

J

Subject: Please allow Uber to continue to operate in South Carolina

I have used them several times since they started service in Charleston and their service, timeliness, vehicle cleanliness, driver friendliness are all some of the best services I have ever encountered - in any city in the country! While Uber service is not only important to me as a consumer - more importantly - I work in the Visitor - Hospitality industry, and the vast majority of our out of town visitors from major metropolitan centers ie: New York, Boston, Chicago - are very accustomed to Uber - and *EXPECT* it to be in operation here in South Carolina when they visit as well. We want to be sure to maintain the caliber and reputation as a truly international / cosmopolitan destination - and Uber service plays an important role in this endeavor!

We do not need to be short-sighted on this issue - there is a much "bigger picture"!

I'm writing in support for Uber in the State of South Carolina. I'm a business traveler that has used them nationwide and can't believe the Committee has banned them.

I ask that this ban be lifted in the State.

To whom it may concern,

I fully support Uber's right to do business in South Carolina.
